

**RE-ELECT** FOR CITY COUNCIL | NORTH VANCOUVER

## *Together, Let's Keep Building a Caring, Livable City for All!*

Since 2018, it's been my privilege to serve as your City Councillor. In that time, our City has been named Canada's most livable city (Globe and Mail, 2025 and 2026) and ranked first in BC for building rental housing.

I worked with Council and City staff to find funding for **Mahon Park** and **Cloverly School childcare** spaces, to approve the new **North Shore Neighbourhood House** (with 89 affordable rentals), to establish the **Central Lonsdale Business Improvement Area**, and build the new **Harry Jerome Community Recreation Centre** and **Silver Harbour Centre**.

**That's real progress, but we can't take it for granted.** Too many people still can't find a home they can afford, childcare close by, or are spending too much time commuting on and off the North Shore. There is more work to do, and I know how to get it done.

On October 17, I'm asking for your vote.

**VOTE** on Saturday, Oct 17<sup>th</sup>

### **My Priorities**

- **A Home You Can Afford** – building more homes with fewer barriers
- **Childcare Close to Home** – More new spaces on City lands and in housing developments
- **Less Time in Your Car** – More rapid transit, safer streets and better bike routes
- **A Thriving City Built for Everyday Life** – Creating local jobs, protecting workers and supporting our arts and culture scene
- **Indigenous Reconciliation** – Continue building true partnerships with local First Nations
- **A Climate Ready Livable City** – More trees, cooling and other solutions to protect our community from extreme weather impacts
- **Listening to You** – Put the City's engagement plan into action and explore participatory budgeting for how net parking revenue gets used.
